# Our Mission

*Nant y Coy Arts*

THE WATERMILL WITH ART AND SOUL

*The goal of the Riverbend Café is to provide you with fresh, delicious and nutritious snacks, meals and beverages which are, as far as we are able, organic and local. For this reason not all vegetables and fruits are available during all twelve months of the year.*

*From our bread to our bottled water, our smoked salmon and our vegetables we strive to provide you with the healthiest food we can, free from additives, preservatives and treatments. Our chefs start work early in order to provide you with fresh food every day*

*If you have specific dietary needs please do not hesitate to ask our wait staff and we will try and accommodate them.*

*Our Café is small and we encourage reservations, particularly during busy times such as during our Signature Sunday Bruch.*

*Ask our staff about the exhibitions currently showing in the galleries, and enjoy walking our sculpture trail, nature walks, and the famous Great Treffgarne Rock trail.*
